Body Material:

Plastic

Mounting Material:

Steel

Terminal Quantity:

2

Terminal Type:

Wire lead

Hazardous Locations/environmental Protection:

Not rated

Outside Diameter:

0.844 inches

Overall Height:

2.125 inches

Mounting Device Quantity:

4

Mounting Method:

Unthreaded holes

Shell Material:

Plastic

Lamp Accommodation Quantity:

2

Lamp Base Type Accommodated:

Recessed double contact

Mounting Strip:

Not included

Shell Surface Treatment:

Enamel, baked

Lampholder Quantity:

2

Mounting Feature Type:

Surface

Wiring Provision Length:

9.000 inches

Voltage In Volts:

600.0

Style Designator:

Wire leads

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A09400
