Lamp Accommodation Quantity:

1

Voltage Rating:

277.0 volts

Starting Characteristic:

Rapid

Special Features:

Whigh performance; parallel or series parallel lamp operations; less than 10 pct total harmonic distortion; greater than 20, 000 hz operating frequency; 360 volt open circuit; class p, type 1, outdoor; high power factor; for t8 lamp

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T316-c
