Lamp Ballast - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/6250-01-406-1898

Lamp Accommodation Quantity:
1
Voltage Rating:
277.0 volts
Starting Characteristic:
Rapid
Special Features:
Whigh performance; parallel or series parallel lamp operations; less than 10 pct total harmonic distortion; greater than 20, 000 hz operating
frequency; 360 volt open circuit; class p, type 1, outdoor; high power factor; for t8 lamp
Shelf Life:
N/a
Unit Of Measure:

Demilitarization:
No
Fiig:
T316-c
