Terminal Quantity:

2

Terminal Type:

Solder stud

Overall Length:

1.374 inches

Mounting Hole Diameter:

0.281 inches

Mounting Device Quantity:

2

Mounting Method:

Plug

Shell Material:

Aluminum

Lamp Base Type Accommodated:

Cartridge two pin polarized

Shell Surface Treatment:

Anodized

End Application:

Advanced cruise missile, acm-129

Special Features:

Cartridge diameter 0.320 in. Min and 0.340 in. Max; mounted into a panel 0.281 in. Hole diameter and 0.156 in. Max. Thickness; one hexagon nut, lock washer, and knurled flange nut furnished

Style Designator:

Thru-hole

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A09400
