Overall Length:

13.125 inches

Overall Height:

2.375 inches

Overall Width:

1.500 inches

Current Type:

Ac

Frequency Rating:

60.0 hertz

Voltage Rating:

120vac or 277vac

Special Features:

4converts fluorescent fixtures into instantaneous emergency lighting; when power fails, the ballast automatically switches to the emergency mode, illuminating one or two lamps for 90 minutes; one lamp 2'-8 (20w-215w) or two lamps 2'-4'(20w-40w) .

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T316-c
