**Frequency Rating:**

60.0 hertz

**End Application:**

Osprey class mhc

**Current Rating In Amps:**

0.480

**Voltage Rating:**

120.0 volts

**Starting Characteristic:**

Trigger

**Special Features:**

Automatic resetting thermal protection; porm 50 degrees f starting temperature; high power factor; for two f20w t12, f15w t12, f15w t8 or f14w t12 preheat start lamps

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

T316-c
