Frequency Rating:

60.0 hertz

End Application:

Osprey class mhc

Current Rating In Amps:

0.480

Voltage Rating:

120.0 volts

Starting Characteristic:

Trigger

Special Features:

Automatic resetting thermal protection; porm 50 degrees f starting temperature; high power factor; for two f20w t12, f15w t12, f15w t8 or f14w t12 preheat start lamps

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T316-c
