Body Material:

Any acceptable

Terminal Quantity:

2

Terminal Type:

Wire lead

Overall Length:

0.800 inches

Mounting Hole Diameter:

0.250 inches

Mounting Device Quantity:

2

Mounting Method:

Panel

Lamp Base Type Accommodated:

Flexible wire leads

End Application:

Hx applications

Wiring Provision Length:

6.000 inches

Special Features:

Called panel mount led socket

Style Designator:

Thru-hole

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A09400
