Terminal Quantity:

2

Terminal Type:

Wire lead

Overall Length:

9.500 inches

Overall Height:

1.500 inches

Overall Width:

2.375 inches

Current Type:

Ac

Lamp Accommodation Quantity:

2

Lamp Wattage Rating In Watts:

71.0

End Application:

Hemp endurable power system

Current Rating In Amps:

0.620

Voltage Rating:

120.0 volts

Starting Characteristic:

Rapid

Terminal Location And Quantity:

2 one end

Product Name:

Ballast, lamp

Special Features:

Ballast family is centium; less than 10 percent thd; total harmonic distortion percentage is less than 10 percent; starting temperature is 50 degrees fahrenheit.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T316-c
