Overall Length:

12.800 inches

Overall Height:

2.400 inches

Overall Width:

7.900 inches

Special Features:

Weight 7.5lbs; power requirement 115vac 400 hz single phase or 28vdc 15 watts normal operation; cooling per arinc 600-6 forced air cooling not required; meets rtca do 160c; certification taws tso-c151a class a, gpws tso c92c, wind-shear tso-c 117a; data loader databases updated via the front panel pcmcia interface

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A23900
