**Overall Length:**

12.800 inches

**Overall Height:**

2.400 inches

**Overall Width:**

7.900 inches

**Special Features:**

Weight 7.5lbs; power requirement 115vac 400 hz single phase or 28vdc 15 watts normal operation; cooling per arinc 600-6 forced air cooling not required; meets rtca do 160c; certification taws tso-c151a class a, gpws tso c92c, wind-shear tso-c 117a; data loader databases updated via the front panel pcmcia interface

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A23900
