**Overall Length:**

14.260 inches

**Overall Height:**

7.880 inches

**Overall Width:**

2.430 inches

**End Application:**

Aerospace systems

**Voltage In Volts And Current Type:**

115.0 ac

**Product Name:**

Enhanced ground proximity warning computer

**Special Features:**

Has no heater, no gps, weight-7 lbs

**Material:**

Aluminum

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A23900
