Terminal Quantity:

1

Terminal Type:

Wire lead

Overall Length:

15.500 inches

Overall Height:

9.625 inches

Overall Width:

8.000 inches

Current Type:

Dc

Mounting Method:

Pedestal

Light Beam Motion:

Flashing

Motor:

Included

Material And Location:

Steel siren housing

Surface Treatment And Location:

Chromium plated siren housing

Inclosure Feature:

Watertight

Resonance Feature:

Included

Light:

Provided

Light Location:

Front

Braking Facility:

Not included

Voltage In Volts:

6.0

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T104-f
