General Description:

84 v dc min, 28 v dc maximum operating voltage, 2 ma min, 14 ma maximum operating current, 64 db min, 78 db maximum output sound level, 2900 porm 500 hz output frequency, 0 to p 65 degrees c operating ambient temperature range, 0.056 @0.093 in. Mounting panel thickness

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
