Terminal Quantity:

3

Terminal Type:

Screw

Overall Length:

4.875 inches

Overall Height:

2.625 inches

Overall Width:

4.875 inches

Mounting Hole/stud Quantity:

3

Environmental Protection:

Weather resistant

Terminal Thread Size And Series/type Designator:

6-32 unc

Housing Material:

Aluminum, die cast

Internal Battery Accommodation:

Not included

Inclosure Feature:

Watertight

Loudness Level In Decibels:

103 db at 10 ft

Sound Projector Quantity:

1

Sound Projector Type:

Grill

Mounting Bracket:

Provided

Phase:

Single

Special Features:

Adjustment screw on front of horn provides sound output to be adjusted over a 25 db range from 78 to 103; 400 hour life at 50 percent duty cycle

Surface Treatment:

Enamel, gray

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T104-e
