Mounting Type:
Panel
Overall Length:
3.360 inches
Overall Height:
0.640 inches
Overall Width:
1.000 inches
Frequency Rating:
Any acceptable
Mounting Configuration:
Mounting gasket per zz-r-765, class 2, grade 50, black; four screws, cres, phillips flat head captive
Signal Device Quantity:
6
Visual Signal Type:
Lamp
Relay Box Mounting:
Integral
Voltage In Volts:
28.0
Phase:
Single
Special Markings:
lpl, ipl fail, record, rrs fail, loading, load fail
Material:
Aluminum alloy, 6061, t6 and brass and plastic
Material:
Aluminum alloy and copper alloy and plastic
Surface Treatment:
Anodize and tin
Surface Treatment:
Anodized, mil-a-8625, type 2, class 2 and tin plated
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
T104-a
