Mounting Type:

Panel

Overall Length:

3.360 inches

Overall Height:

0.640 inches

Overall Width:

1.000 inches

Frequency Rating:

Any acceptable

Mounting Configuration:

Mounting gasket per zz-r-765, class 2, grade 50, black; four screws, cres, phillips flat head captive

Signal Device Quantity:

6

Visual Signal Type:

Lamp

Relay Box Mounting:

Integral

Voltage In Volts:

28.0

Phase:

Single

Special Markings:

lpl, ipl fail, record, rrs fail, loading, load fail

Material:

Aluminum alloy, 6061, t6 and brass and plastic

Material:

Aluminum alloy and copper alloy and plastic

Surface Treatment:

Anodize and tin

Surface Treatment:

Anodized, mil-a-8625, type 2, class 2 and tin plated

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T104-a
