Hole Diameter:

0.266 inches

Overall Length:

11.875 inches

Overall Width:

6.750 inches

Pressure Rating:

Between 50.0 pounds per square inch and 500.0 pounds per square inch

Operation Method:

Air

Sound Unit Type:

Single

Projector Type:

Straight

Projector Quantity:

1

Projector Flare Maximum Outside Diameter:

6.500 inches

Projectorlength:

10.000 inches

Sound Signal Direction Quantity:

1

Product Name:

Horn, fluid operated

Special Features:

Model, strombos

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T104-e
