

View Online at <https://aerobasegroup.com/nsn/6350-01-316-0838>

Special Features:

150 ft l, 40 ft w, 30 ft h protection pattern; input voltage 10 to 16 vdc; minus 20 degrees f to positive 130 degrees f operating temp range; two receiving channels; w/blocking object sensor; two position sensitivity switch; 09910 mhz frequency range; stereo doppler technology; special signal processing; precision antenna; auxiliary alarm relay; e/i an/gss-39

Reference Data And Literature:

31s9-2gss39-1

Fsc Application Data:

Alarm, signal, security systems

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23800
