General Description:

Vplug-in intelligent sensor with communications; 2-visible leds -blink- when unit is addressed; temperature range- 32 to 120 degrees f; humidity range- 10 to 93 percent rh; voltage range- 14.5 - 28 vdc peak; led current- 7ma at 24 vdc

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
