Mounting Type:

Mounting lugs

Environmental Protection:

Heat resistant and weather resistant

Operating Temperature Range:

-65.0/+150.0 degrees fahrenheit

End Application:

Support equipment (se), b-2 bomber

Housing Material:

Aluminum, cast

Internal Battery Accommodation:

Not included

Operation Method:

Electrical

Loudness Level In Decibels:

100 db at 10 ft

Sound Projector Quantity:

0

Sound Projector Type:

Diaphragm

Mounting Bracket:

Not provided

Sound Unit Type:

Single

Product Name:

Vibratone horn, 240 voltage, model 350 with housing, model wb

Special Features:

Horn measures 4 inches square by 2 1/2 inches deep; housing measures 4 3/8 inches square by 2 inches deep

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T104-e
