Terminal Type:

Solder stud

Overall Length:

1.888 inches

Current Type:

Dc

Frequency Rating:

2.8 kilohertz

Overall Diameter:

1.141 inches

Mounting Method:

Hole

Usage Design:

Audible alarm

Action Type:

Vibrating

Inclosure:

Included

Voltage In Volts And Current Type:

24.0 dc

Product Name:

Series 04/14 buzzer

Voltage In Volts:

24.0

Material:

Plastic and brass

Material:

Plastic and copper alloy

Surface Treatment:

Chromium

Surface Treatment:

Chromium plated

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T104-c
