Current Type:

Ac

End Application:

Kph-130 pist

Housing Material:

Aluminum, cast and steel

Internal Battery Accommodation:

Not included

Current Rating In Amps:

10.5

Operation Method:

Electrical

Loudness Level In Decibels:

147.54 db at 1.0 meter

Sound Unit Type:

Any acceptable

Projector Type:

Curved

Projector Quantity:

1

Projector Flare Maximum Outside Diameter:

25.000 inches

Projectorlength:

39.300 inches

Sound Signal Direction Quantity:

1

Product Name:

Model kph-130 electric piston horn

Voltage In Volts:

440.0

Special Features:

Mhorn certified for vessels over 75 meter length; 7.5 hp motor drives piston which oscillates air at 130 hz; oil-less crankcase and gearcase; steel gears; anti-condensation heating; self-draining cylinder assembly

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T104-e
