Terminal Type:

Wire lead

Overall Length:

1.250 inches

Overall Height:

5.625 inches

Overall Width:

4.250 inches

Ac Voltage Rating:

30.0 volts

Housing Material:

Plastic

Electrical Power Source Relationship:

Operating

Inclosure Feature:

Shock proof

Special Features:

Single action station; set of single pole contacts and wire leads; key lock/reset; operating instructions are molded into the handle with braille text

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T104-d
