Overall Height:

2.000 inches

Current Type:

Ac

Frequency Rating:

60.0 hertz

Overall Diameter:

6.000 inches

End Application:

Shelter

Voltage In Volts And Current Type:

120.0 ac

Product Name:

Smoke alarm, photoelectric

Voltage In Volts:

120.0

Special Features:

Current-130ma max; operating temp-40.0 degrees f to 100.0 degrees f; sounder-85db at 10'; relay time delay-5 sec nom.; battery-9v duracell; photoelectric alarm w/pigtail connector; a test/silence button on front; up to 12 units may be interconnected for tandem operation; the led response indicates detector sensitivity.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T104-a
