**Overall Length:**

15.354 inches

**Overall Height:**

4.724 inches

**Overall Width:**

8.661 inches

**End Application:**

Refg

**Voltage In Volts And Current Type:**

24.0 dc

**Product Name:**

Interface unit fire

**Special Features:**

Number of sections is 1, placing - directly outside dangerous area, cable inlets - 2 for 10-15mm and 1 for 12-20mm, approval - eex ia iic, protection class - ip 55, weight is 2.5 kg, has 4 0.2362 in. Dia. Mounting holes.

**Color:**

Gray

**Material:**

Steel

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A23900
