Overall Length:

4.000 inches

Overall Height:

1.480 inches

Overall Width:

1.950 inches

Current Type:

Ac

Frequency Rating:

60.0 hertz

End Application:

G05eab

Voltage In Volts And Current Type:

12.0 ac

Product Name:

Model: 1001 low battery alarm

Voltage In Volts:

12.0

Special Features:

Alarm trip point: 11.0 - 12.5 (adjustable), reset: 13v, set point indicator: led turns on when low v setpoint is reached, alarm set: 20 seconds, alarm reset: 1 second, op temp: minus 40c to plus85c (min 40f to plus 185f) , insulation to ground: 500vac 60hz, ground type

Functional Description:

Low battery alarm

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T104-a
