**Overall Length:**

9.700 inches

**Overall Height:**

4.700 inches

**Overall Width:**

4.800 inches

**Current Type:**

Dc

**End Application:**

Metal/sulfur fire detection

**Visual Signal Type:**

Regular flashing

**Visual Signal Color:**

Yellow and red

**Product Name:**

Ultraviolet flame detector

**Voltage In Volts:**

24.0

**Special Features:**

Uv flame detector; stainless steel 316; 4 port 3/4inch npt; outputs-type 14 eagle quantum premier; approval agency-fm/csa/atex/ce; classification class 1, div 1 zone eexde

**Material:**

Steel

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

T104-a
