Terminal Quantity:

2

Terminal Type:

Stud

Mounting Hole/stud Quantity:

2

End Application:

3805-01-552-4485 loader, skid steer, type ii, m400t

Operating Power Type:

Electric

Product Name:

Alarm reverse warning

Special Features:

Stud size, both: number 8-32, w/nuts; sound level: 107 plus/minus 4 dba per sae j994; operating current: 0.6 amps average, 1.5 amps maximum peak; 9vdc min 28vdc max

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T104-d
