Terminal Type:

Screw

Mounting Type:

Flange mounted

Overall Length:

6.12 inches

Mounting Hole/stud Quantity:

2

Operation Method:

Electrical

Loudness Level In Decibels:

106-108db

Mounting Bracket:

Provided

Individual Encasement Feature:

Not included

Voltage In Volts:

12.0

Special Features:

Recessed mount, mounting hardware included, polycarbonate housing with optional stainless steel cover, easy installation by using a 2 1/4in diameter hole saw, includes mounting hardware and gasket, prewired, polarity protected, black

Supplementary Features:

Depth: 2.23in, space between screws (cntr to cntr) 4.98in; width 3.11in

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T104-e
