Case Material:

Plastic

Maximum Voltage Rating In Volts:

24.0 dc

Inclosure Type:

Uninclosed

Terminal Location:

Front

Power Source:

External

Terminal Type And Quantity:

18 binding post

Maximumlength:

6.75 inches

Maximumwidth:

2.5 inches

Maximumheight:

4.0 inches

Product Name:

Engine shutdown system

Special Features:

System will automatically shutdown engines and powered

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A31700
