Voltage Rating In Volts:

Between 10.0 dc and 32.0 dc

Coverage Width:

0.079 feet

Features Provided:

Rohs directive compliance

Product Name:

Proximity sensor

Special Features:

Output configuration npn; operation mode normally ope (no) ; m8 3 pole connector; inductive sensor type; material body stainless steel; operating temperature -40 to 70 c; led indicator; frequency 1.5 khz

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A513x0
