**Voltage Rating In Volts:**

Between 10.0 dc and 32.0 dc

**Coverage Width:**

0.079 feet

**Features Provided:**

Rohs directive compliance

**Product Name:**

Proximity sensor

**Special Features:**

Output configuration npn; operation mode normally ope (no) ; m8 3 pole connector; inductive sensor type; material body stainless steel; operating temperature -40 to 70 c; led indicator; frequecy 1.5 khz

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A513x0
