degrees celsius

Protective Storage Feature:
Requires refrigeration storage between 2 to 8 degre
Active Medicament Medicinal Strength:
0.100 percentage, w/v idoxuridine active ingredient
Pharmaceutical Vehicle Type:
Aqueous
Features Provided:
Sterile
Primary Container Type:
Bottle, dropper
Primary Container Content Quantity:
15.000 milliliters
Administration:
Ophthalmic
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:

No **Fiig:** A45100
