Unit Package Quantity:

30 bandages per pkg

Features Provided:

Membrane-permeation controlled and membrane-partition controlled

Usual Dose:

10 mg released per 24 hours

Product Name:

Nitroglycerin transdermal system 30s

Overall Strength In System:

32 mg nitroglycerin active ingredient

System Size:

16 square centimeter

Exterior Container Weight:

5.00 pounds

Exterior Container Cubic Measure:

0.439 cubic feet

Exterior Container Quantity:

1

Unit Of Issue Cube:

0.0439 cubic feet

Unit Of Issue Weight:

0.05 pounds

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A510w0
