**Immediate Container Type:**

Syringe unit

**Immediate Container Quantity:**

10

**Quantity Within Each Immediate Container:**

0.5 ml

**Valence:**

Trivalent

**Virus Strain:**

A/fujian/311/2002 (h3n2)-like a/new caedonia/20/99 (h1n1)-like b/shanghai/361/2002-like antigens; 2004-2005 influenza season

**Product Name:**

Influenza virus vaccine usp 0.5 ml dose 10's

**Special Features:**

Purified surface antigen; for immunizing persons 4 yrs of age and older; requires refrig btwn 2-8 degrees c; subject to damage by freezing

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T088-e
