Features Provided: Sterile Secondary Container Type: Box Tertiary Container Type: Case Primary Container Content Quantity: 2.7 grams Total Tertiary Container Quantity: 1 Total Primary Container Quantity: 864 Total Secondary Container Quantity: 6 Product Name: Lubricating jelly sterile foil/pack 2.7gm 864s Special Features: Sterile lubricating jelly; foil pack, 2.7 gm; greaseless, water-soluble jelly; for lubrication of gloves and instruments; easily sprear rubber, synthetic, or metal surfaces; forms a translucent film that adheres well, yet washes away easily; latex-free; sterile; 144 box, six boxes per case, for a total of 864 packs	
Secondary Container Type: Box Tertiary Container Type: Case Primary Container Content Quantity: 2.7 grams Total Tertiary Container Quantity: 1 Total Primary Container Quantity: 864 Total Secondary Container Quantity: 6 Product Name: Lubricating jelly sterile foil/pack 2.7gm 864s Special Features: Sterile lubricating jelly; foil pack, 2.7 gm; greaseless, water-soluble jelly; for lubrication of gloves and instruments; easily sprearubber, synthetic, or metal surfaces; forms a translucent film that adheres well, yet washes away easily; latex-free; sterile; 144 box, six boxes per case, for a total of 864 packs	
Tertiary Container Type: Case Primary Container Content Quantity: 2.7 grams Total Tertiary Container Quantity: 1 Total Primary Container Quantity: 864 Total Secondary Container Quantity: 6 Product Name: Lubricating jelly sterile foil/pack 2.7gm 864s Special Features: Sterile lubricating jelly; foil pack, 2.7 gm; greaseless, water-soluble jelly; for lubrication of gloves and instruments; easily sprearubber, synthetic, or metal surfaces; forms a translucent film that adheres well, yet washes away easily; latex-free; sterile; 144 box, six boxes per case, for a total of 864 packs	
Tertiary Container Type: Case Primary Container Content Quantity: 2.7 grams Total Tertiary Container Quantity: 1 Total Primary Container Quantity: 864 Total Secondary Container Quantity: 6 Product Name: Lubricating jelly sterile foil/pack 2.7gm 864s Special Features: Sterile lubricating jelly; foil pack, 2.7 gm; greaseless, water-soluble jelly; for lubrication of gloves and instruments; easily sprearubber, synthetic, or metal surfaces; forms a translucent film that adheres well, yet washes away easily; latex-free; sterile; 144 box, six boxes per case, for a total of 864 packs	
Primary Container Content Quantity: 2.7 grams Total Tertiary Container Quantity: 1 Total Primary Container Quantity: 864 Total Secondary Container Quantity: 6 Product Name: Lubricating jelly sterile foil/pack 2.7gm 864s Special Features: Sterile lubricating jelly; foil pack, 2.7 gm; greaseless, water-soluble jelly; for lubrication of gloves and instruments; easily sprearubber, synthetic, or metal surfaces; forms a translucent film that adheres well, yet washes away easily; latex-free; sterile; 144 box, six boxes per case, for a total of 864 packs	
Primary Container Content Quantity: 2.7 grams Total Tertiary Container Quantity: 1 Total Primary Container Quantity: 864 Total Secondary Container Quantity: 6 Product Name: Lubricating jelly sterile foil/pack 2.7gm 864s Special Features: Sterile lubricating jelly; foil pack, 2.7 gm; greaseless, water-soluble jelly; for lubrication of gloves and instruments; easily sprear ubber, synthetic, or metal surfaces; forms a translucent film that adheres well, yet washes away easily; latex-free; sterile; 144 box, six boxes per case, for a total of 864 packs	
2.7 grams Total Tertiary Container Quantity: 1 Total Primary Container Quantity: 864 Total Secondary Container Quantity: 6 Product Name: Lubricating jelly sterile foil/pack 2.7gm 864s Special Features: Sterile lubricating jelly; foil pack, 2.7 gm; greaseless, water-soluble jelly; for lubrication of gloves and instruments; easily spreaduber, synthetic, or metal surfaces; forms a translucent film that adheres well, yet washes away easily; latex-free; sterile; 144 box, six boxes per case, for a total of 864 packs	
Total Tertiary Container Quantity: 1 Total Primary Container Quantity: 864 Total Secondary Container Quantity: 6 Product Name: Lubricating jelly sterile foil/pack 2.7gm 864s Special Features: Sterile lubricating jelly; foil pack, 2.7 gm; greaseless, water-soluble jelly; for lubrication of gloves and instruments; easily sprearubber, synthetic, or metal surfaces; forms a translucent film that adheres well, yet washes away easily; latex-free; sterile; 144 box, six boxes per case, for a total of 864 packs	
Total Primary Container Quantity: 864 Total Secondary Container Quantity: 6 Product Name: Lubricating jelly sterile foil/pack 2.7gm 864s Special Features: Sterile lubricating jelly; foil pack, 2.7 gm; greaseless, water-soluble jelly; for lubrication of gloves and instruments; easily sprearubber, synthetic, or metal surfaces; forms a translucent film that adheres well, yet washes away easily; latex-free; sterile; 144 box, six boxes per case, for a total of 864 packs	
Total Primary Container Quantity: 864 Total Secondary Container Quantity: 6 Product Name: Lubricating jelly sterile foil/pack 2.7gm 864s Special Features: Sterile lubricating jelly; foil pack, 2.7 gm; greaseless, water-soluble jelly; for lubrication of gloves and instruments; easily sprearubber, synthetic, or metal surfaces; forms a translucent film that adheres well, yet washes away easily; latex-free; sterile; 144 box, six boxes per case, for a total of 864 packs	
Total Secondary Container Quantity: 6 Product Name: Lubricating jelly sterile foil/pack 2.7gm 864s Special Features: Sterile lubricating jelly; foil pack, 2.7 gm; greaseless, water-soluble jelly; for lubrication of gloves and instruments; easily sprear rubber, synthetic, or metal surfaces; forms a translucent film that adheres well, yet washes away easily; latex-free; sterile; 144 box, six boxes per case, for a total of 864 packs	
Total Secondary Container Quantity: 6 Product Name: Lubricating jelly sterile foil/pack 2.7gm 864s Special Features: Sterile lubricating jelly; foil pack, 2.7 gm; greaseless, water-soluble jelly; for lubrication of gloves and instruments; easily sprearubber, synthetic, or metal surfaces; forms a translucent film that adheres well, yet washes away easily; latex-free; sterile; 144 box, six boxes per case, for a total of 864 packs	
Product Name: Lubricating jelly sterile foil/pack 2.7gm 864s Special Features: Sterile lubricating jelly; foil pack, 2.7 gm; greaseless, water-soluble jelly; for lubrication of gloves and instruments; easily sprear rubber, synthetic, or metal surfaces; forms a translucent film that adheres well, yet washes away easily; latex-free; sterile; 144 box, six boxes per case, for a total of 864 packs	
Product Name: Lubricating jelly sterile foil/pack 2.7gm 864s Special Features: Sterile lubricating jelly; foil pack, 2.7 gm; greaseless, water-soluble jelly; for lubrication of gloves and instruments; easily sprearubber, synthetic, or metal surfaces; forms a translucent film that adheres well, yet washes away easily; latex-free; sterile; 144 box, six boxes per case, for a total of 864 packs	
Lubricating jelly sterile foil/pack 2.7gm 864s Special Features: Sterile lubricating jelly; foil pack, 2.7 gm; greaseless, water-soluble jelly; for lubrication of gloves and instruments; easily sprearubber, synthetic, or metal surfaces; forms a translucent film that adheres well, yet washes away easily; latex-free; sterile; 144 box, six boxes per case, for a total of 864 packs	
Special Features: Sterile lubricating jelly; foil pack, 2.7 gm; greaseless, water-soluble jelly; for lubrication of gloves and instruments; easily sprearubber, synthetic, or metal surfaces; forms a translucent film that adheres well, yet washes away easily; latex-free; sterile; 144 box, six boxes per case, for a total of 864 packs	
Sterile lubricating jelly; foil pack, 2.7 gm; greaseless, water-soluble jelly; for lubrication of gloves and instruments; easily sprearubber, synthetic, or metal surfaces; forms a translucent film that adheres well, yet washes away easily; latex-free; sterile; 144 box, six boxes per case, for a total of 864 packs	
rubber, synthetic, or metal surfaces; forms a translucent film that adheres well, yet washes away easily; latex-free; sterile; 144 box, six boxes per case, for a total of 864 packs
