Material Location:

Exterior Container Weight:

4.00 pounds

Exterior Container Cubic Measure:

1.650 cubic feet

Special Features:

Precut; for holding wet or dry dressings in place; used for average size abdomen; /average size chest; ekg pad during prolong monitoring

Material:

Rubber w/nylon and polyester covering

Material:

Rubber w/nylon and polyester covering

Unit Of Issue Cube:

0.0330 cubic feet

Unit Of Issue Weight:

0.08 pounds

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T00600
