**Fabrication Method:**

Compressed

**Overall Length:**

Between 13.97 millimeters and 15.00 millimeters

**Overall Diameter:**

Between 2.35 millimeters and 9.00 millimeters

**Wire Insert:**

Not included

**Product Name:**

Wick ear polyurethane tubular non-sterile plastic 48s

**Special Features:**

Non-sterile; for easy introduction into the external canal; expands when liquid is applied and conforms to anatomy of canal

**Material:**

Plastic polyurethane

**Shape:**

Tubular

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

T258-j
