Overall Length:

66.000 inches

Product Name:

Silverlon elastic burn wraps 4" x 66"

Special Features:

Composed of knitted fabrics that are flexible, minimally adhering, antimicrobial silver plated fabric; knitted fabric is composed of pure nylon long base fiber that is 100% covered uniformly and circumferentially with a thin coat of pure metallic silver; open knit pattern in fabric permits passage of oxygen and fluids to and from the wound surface. The silver provides effective antimicrobial action of the dressing and functions as an antimicrobial barrier. Silverlon was primarily designed for local management of full and partial thickness wounds, partial thickness burns, incisions, skin grafts, donor sites, lacerations, abrasions and stage i-iv dermal ulcers

Precious Material And Location:

Coating silver

Shelf Life:

N/a
