Width:

4.000 inches

Length:

15.000 inches

Protective Storage Feature:

Controlled room temperature

Setting Time:

4 minutes

Features Provided:

Individually wrapped

Product Name:

Scotchcast 10s

Impregnation Material:

Polyurethane resin

Special Features:

One-step cast splint; multiple layers of knitted fiberglass fabric impregnated with polyurethane resin; covered on one side by an air and moisture permeable non-woven fabric and fast drying air and moisture permeable open cell foam on the other side; exposure to moisture or water causes a chemical reaction which makes the splint become rigid; each splint packaged in a sealed foil pouch; set time: approx. 3 to 4 minutes; package of 10

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T00600
