Width:

24.000 inches

Length:

38.000 inches

Supply Package Type:

Case

Features Provided:

Sterile

Product Name:

Dressing burn absorbent 24 x 38 exu-dry pediatric 24s

Special Features:

Multi-layered exudate absorption dressing; for partial to full thickness wounds and first to second degree burns; pediatric use; sterile; 24 in x 38 in; non-permeable; case of 24; outer layer - high density polyethylene; inner layers - highly absorbent rayon/cellulose blend; anti shear layer - high density polyethylene; wound contact layer - high density polyethylene; helps reduce the risk of maceration and irritation to the wound and surrounding tissue; wicks away drainage from the wound into the entire dressing, reducing the frequency of dressing changes
