Design Designation:

Pezzer

Proximal End Funnel Quantity:

1

Tip Type:

Open end

Core Fabrication Method:

Not woven

Diameter:

0.281 inches

Material And Location:

Plastic connector and plastic body and rubber, natural cap

Product Name:

Tube connecting urinary drainage pezzet e3 plas disp 9/32 in 50s

Special Features:

Transparent, adapter cap with vent holes, 9/32 in. (0.71 cm) id; use as a connecting tube between a urethral catheter and a drainage bottle; unit qty, 50; individually sealed plastic envelope; destruction after 60 months

Style Designator:

Drainage tubing

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A22100
