Design Designation:

Thoracic

Shaft Eye Quantity:

5

Tip Type:

Open end

Core Fabrication Method:

Not woven

Diameter:

32.000 french

Material And Location:

Plastic, polyvinyl chloride

Product Name:

Tube drainage surg thoracic 32 fr c19 angle transparent plas 10s

Special Features:

Right angle; transparent; in waterproof container; for drainage after chest surgery; 20 in. (50.80 cm) long; unit qty, 10

Style Designator:

Angle thoracic

Specification Or Standard:

I type and 2 size

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A22100
