Overall Length:

11.750 inches

Overall Diameter:

3.0 millimeters

Furnished Items And Quantity:

W/removable specimen chamber; finger valve

Design Designation:

Diagnostic vacuum curettage

Unit Type:

Cannulated

Design Form:

Curved

Features Provided:

Disposable

Product Name:

Curette endometrial biopsy diagnostic vacuum 11.75" lg crvd 12s

Special Features:

Cannulated suction type

Material And Location:

Stainless steel cannula and plastic chamber

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A520p0
