Width:

215.900 millimeters

Length:

150.000 feet

Unit Package Type:

Roll

Emulsion Type:

Any acceptable

Perforation Feature:

Included

Special Features:

W/thermal stripe printing header; pressure-scribe subsurface recording channel width: 3 channels microcomputer; 50 to 75 ekgs per roll

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T265-g
