Diameter:

Between 0.112 inches and 0.124 inches

Length:

6.000 inches

Design Designation:

Abraham

Tip Type:

Bulbous

Hub Type:

Luer lock

Material And Location:

Copper cannula

Surface Treatment And Location:

Nickel plated cannula or chromium plated hub

Eye Quantity:

0

Distal End Shape:

Curved

Product Name:

Cannula laryngeal abraham 6" lg flexible luer lock hub

Exterior Container Weight:

33.00 pounds

Exterior Container Cubic Measure:

2.707 cubic feet

Exterior Container Quantity:

432

Special Features:

Flexible

Intermediate Package Quantity:

12

Unit Of Issue Cube:

0.005 cubic feet

Unit Of Issue Weight:

0.13 pounds

Specification Or Standard:

I type

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T133-c
