Overall Length:

24.500 centimeters

Handle Type:

Nondetachable

Usage Design:

Obtaining bladder tumor specimen

Design Designation:

Braasch

Unit Type:

Cannulated

Grip Type:

Pistol

Jaw Type:

Oval and cupped

Jaw Grasping Method:

Cutting edge

Surface Treatment And Location:

Nickel and nickel jaw and nickel stylet

Special Features:

Size: 4 millimeter; min. Required clearance: 4.000 millimeters

Material And Location:

Copper alloy and aluminum handle and steel jaw and steel stylet

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A51710
