Overall Length:

4.500 inches

Usage Design:

Used w/electric eye magnet to remove foreign bodies from eye

Grasping Facility Quantity Per Jaw:

5 first jaw and 6 second jaw

Product Name:

Forceps fixation 4.5" lg with 5x6 mouse teeth and guide pin crs

Surface Treatment And Location:

Passivate

Special Features:

Graefe; straight; fine teeth; non-magnetic; for use in conjunction w/eye magnets

Material And Location:

Stainless steel

Specification Data:

81349-mil-f-36686 government standard

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A517I0
