Min. Tensile Strength (psi):

290000 pounds per square inch

Material And Location:

Steel, corrosion resisting

Snare Type For Which Designed:

Krause nasal

Snare Wire Type:

Plain

Diameter:

0.016 inches

Special Features:

Dmtr/no. 27 stubs wire gage

Specification Or Standard:

27 size

Departure From Cited Designator:

Annq and aash

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T133-e
